

# urbanpods™

## OUR COLLECTION

Our architecturally designed pods comply fully with building regulations. This means that planning consent is not normally required and you can have your pod built at a time that suits you.

## BESPOKE PODS

If you can't find your perfect pod within our current range and you are looking for a bespoke option, we can design and make one especially for you.

Whatever your requirement, we can design and build a pod to suit your needs and because they are modular we can do this cost effectively at a price you'll like.

Your space. Your pod.
